A Weekend of Fun

This weekend we had fun!

We went to see my uncle play a game. It was an exciting game.

After the game, we drove home. I was so hungry. Dad and I put flour, eggs and milk together. We made pancakes. They're soft and sweet!

We loved the pancakes! We loved the weekend!

This is a factory. Cars are made here.

First, machines put the roof and sides of the car together. A machine paints the car red. Then, another machine puts in the windows. Next, a different machine puts in the engine. Then, the seats are put in the car. The tires go on. Now, the car is ready. It looks great!
